

REMARKS

Specification

In the Office Communication mailed January 18, 2007, it is alleged that the specification lacks a brief description of Figures 9–11, which are contained in the Drawings. Applicants respectfully disagree with this contention.

Applicants' specification provides a detailed description of the Figures. A skilled worker, when presented with the entirety of the disclosure contained in the specification, would instantly possess a detailed understanding of the subject matter contained in the Drawings. The Figures are adequately described in the Examples. See, page 9, line 13. For example, a description of Fig. 9 is provided in page 36, lines 20–25 (Example 10); Fig. 10 is described in the disclosure contained in, for example, page 36, 1st paragraph (Example 11); a description of Fig. 11 is provided in, for example, page 36, lines 26–32 (Example 10) of the specification. However, in order to facilitate prosecution, the specification has been duly amended. Withdrawal of the objection is respectfully requested.

No fees are believed to be due with this response; however, the Commissioner is hereby authorized to charge any fees associated with this response to Deposit Account No. 13-3402.

Respectfully submitted,
